
PREFACE

On behalf of the Organizing Committee headed by the President ISCCM, Dr Subhal Dixit and the conference Scientific Committee headed by Dr. Dhruva Chaudhry, it gives me great pleasure to present to you the abstracts that have been accepted for presentation during Criticare 2020, the 26th Annual Conference of Indian Society of Critical Care Medicine, being held in Hyderabad.

The aim of this publication is to showcase the research being carried out by the members of Indian Society of Critical Care Medicine. The society has decided that this will be an annual feature henceforth for all our conferences.

Atul P Kulkarni
Editor-in-Chief
