

On behalf of the Organizing Committee headed by the President ISCCM, Dr. Dhruv Chaudhry and the conference Scientific Committee headed by Dr. Deepak Govil, it gives me great pleasure to present to you the abstracts that have been accepted for presentation during Criticare 2021, the 27th Annual Conference of Indian Society of Critical Care Medicine, being held virtually, due to the ongoing pandemic.

The aim of this publication is to showcase the research being carried out by the members of Indian Society of Critical Care Medicine.

I hope at least some of these abstracts are later sent to the Indian Journal of Critical Care Medicine, in near future.

Atul P Kulkarni
Editor-in-Chief
Indian Journal of Critical Care Medicine
