

On behalf of the Organizing Committee headed by the President ISCCM, Dr. Deepak Govil, the conference Scientific Committee Chairman Dr Rajesh Chandra Mishra, and the Abstract Committee chairman Dr Dhruv Chaudhary, it gives me great pleasure to present to you the abstracts that have been accepted for presentation during Criticare 2022, the 27th Annual Conference of Indian Society of Critical Care Medicine, held at Ahmedabad.

The aim of this publication is to showcase the research being carried out by the members of Indian Society of Critical Care Medicine. I hope at least some of these abstracts are later sent to the Indian Journal of Critical Care Medicine, in near future.

**Atul P Kulkarni**  
Editor-in-Chief
